

## MOTION 2/255

The structure is characterised by its smooth, horizontally running lines. The different heights and depths of the lines create an additional tension and lend a geometric-abstract atmosphere.

### DIMENSIONS

Uses	Dimensions (mm)	Order Number
100	▲ 6000 × ▶ 3000	C2255

100-timer formliners are supplied in an individual dimension within the maximum indicated dimensions.

The specified widths of the 10-timer and 50-timer formliners are a fixed dimension and ensure the continuity of the structure in the case of linear patterns. The longitudinal direction of the pattern is variable and can be ordered from 1 m up to the maximum dimension in 50 cm steps.
